

2015 MODEL

Sungazer
J19 Series

The Sungazer is a versatile little caravan. It is compact in size but big on features and you can tow it with a smaller car.

CLEVER STYLISH INTERIORS

Sungazers compact but clever design gives you the luxury of an ensuite.

There are two great layouts. For more space the Euro style is convertible from lounge / twin single beds / double beds. Or you can opt for a traditional double bed and separate lounge.

You will enjoy the benefits you would normally only expect in a larger van. There's room for a full kitchen complete with stove & grill, microwave, fridge / freezer and hot & cold running water. Good cupboard space, including draws, will give you all the storage you need. Just slipping away for the weekend or heading further afield there is a lot to like about the Sungazer.
